INTERVIEW SUMMARY

Commissioner for Patents
P.O. Box 1450
Alexandria, Virginia 22313-1450

Dear Sir:

The following summarizes an Interview conducted by the undersigned attorney with Examiner Quan-Zhen Wang, responsible for the above-identified application, by telephone on April 4, 2006. During the interview the Examiner informed the undersigned that an Advisory Action was being issued which indicated that claim 20, a dependent claim, defined patentable subject matter and that claim 25, an independent claim, was allowable as presented in Amendment C.

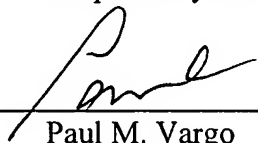

The allowability of claims 32-37 was subsequently discussed. The rejection of claim 32 and related dependent claims pages 12, 13 of the Office Action of December 22, 2005 was discussed along with applied prior art, namely Sundlein and Wilner et al. of record in connection with this application. A follow-up Amendment wherein the limitation of claim 33 would be incorporated into claim 32 was also discussed. No agreement was reached relative to the rejected claims.

In the event that the above Summary is inaccurate or incomplete it is requested that such inaccuracies or incompleteness be drawn to the attention of the undersigned such that they can be rectified.

Respectfully submitted,

Dated: April 5, 2006
